

CARD3

Memorials

Discuss in the group:

What do you think of this memorial dedicated to Raoul Wallenberg? Do you like it? Why or why not? What kind of symbols does it contain? What kind of messages may it transmit? (about Wallenberg and about other more general issues such as human behavior, heroism, rescue, history, Nazism, etc.)

Discuss in the group, and write down the some keywords of your answers:

What kind of messages would you transmit by a memorial of Raoul Wallenberg, if you could plan one now?

What kind of memorial would you imagine, if you should prepare one for your school (using simple, accessible materials)? Why?

If your teacher tells you, share briefly your answer to the latter question with your classmates.
